

# *Earth Day at the Bay Model*

**Sat April 23  
10am-3pm**

**As we move closer to the 50th celebration of Earth Day in the US, plan on joining the Bay Model as we celebrate the day. We are honored to have world-renowned artist George Sumner join us with the exclusive Whale Bus that he painted. There will also be musicians, environmental films (Noon and 2pm), hands-on activities, and refreshments throughout the day.**
