FOR IMMEDIATE RELEASE

### Liberty Glen Camping Fee Changes on April 1, 2012

Recreation season begins at Lake Sonoma on April 1; camping fees normally switch from winter rates to the higher summer charges. This year will usher in the first increase in camping fees since 2000-2001.

The new camping fees will only affect Liberty Glen, the drive in campground located on Rockpile Road. Individual campsites will now be \$16, a double site will be \$32 and the group sites will be \$80 each night. The increases are needed to help maintain the campground.

The park will continue to honor the Federal “American the Beautiful” passes with discounted fees. There will be no fee hike for either lakeside camp sites or boat launches. For more information, please call the Milt Brandt Visitor Center at 431-4533.
