

Errata for
DREDGED MATERIAL MANAGEMENT OFFICE
(DMMO)
ANNUAL REPORT
January 1, 2001 through December 31, 2001

On Page 2, Table 1 should contain the following corrected “total” and “% of total”, marked with an *.

Table 1. Volume proposed for dredging by projects for which DMMO made final recommendations during calendar year 2001.

	Volume proposed for disposal	
	<i>cubic yards</i>	<i>% of total volume</i>
By Proposed Disposal Location		
In-Bay	1,960,550	*61
Beneficial Reuse	395,000	12
Ocean	866,400	*27
Total	*3,221,950	
By Suitability Determination		
Suitable for unconfined aquatic disposal	2,840,150	86
Unsuitable for unconfined aquatic disposal	449,800	14
Total	3,289,950	

On Page 3, the last sentence of II B should read: “The total amount of in-Bay disposal in 2001 was below the LTMS target of 2.8 million cubic yards per year during the first transition phase.”

On Page 3, Table 2 should contain the following corrected “Maintenance Dredging %”, marked with an *.

Table 2. Dredged material disposal during calendar year 2001.

Disposal Type	All Dredging		Maintenance Dredging		New Work	
	<i>cubic yards</i>	<i>%</i>	<i>cubic yards</i>	<i>%</i>	<i>cubic yards</i>	<i>%</i>
In-Bay	2,041,936	56	2,041,936	*70	0	0
Ocean	566,679	16	566,679	*20	0	0
Beneficial reuse	1,028,256	28	287,126	*10	741,130	100
Total	3,636,871		2,895,741		741,130	

On Page 6, the STFATE training was given by Dr. Paul Schroeder.
