San Francisco Bay Conservation and Development Commission Office**

The February 11, 1999, workshop has been canceled in part due to discussions and comments at the last workshop held on January 28, 1999. In brief, workshop attendees expressed concern about the direction and goals of future workshops. Although workshops will continue, the LTMS Agencies are re-evaluating how best to proceed with and conduct future meetings. A notice and tentative agenda regarding the next workshop will be mailed to all interested parties within a few weeks. Please contact us if you have questions.
