The January 28, 1999 workshop will focus on potential fees as an incentive for disposing and reusing dredged material outside of the Bay.

Workshops are scheduled for the second and fourth Thursdays of the month from 9:30 to noon in order to prepare the Draft LTMS Management Plan scheduled for release in Spring, 1999. Workshop locations will alternate between the Regional Board's office in Oakland and BCDC's office in San Francisco. On February 11, 1999, a workshop will be held to discuss development of an "Action Plan" for implementing Upland/Wetland/Reuse projects.
