Lake Mendocino Camping Fee Changes

UKIAH, Calif. — Recreation season begins at Lake Mendocino on May 1. This year will usher in the first increase in camping fees since 2004. The new camping fees will affect Bushay Campground, Kyen Campground, and Chekaka Campground. Individual lake-view campsites at Bushay Campground will now be \$30, wooded campsites will be \$25 and the group sites will be \$235 each night. Individual lakeside campsites at Kyen Campground will now be \$30 and wooded campsites will be \$25 each night. Individual campsites at Chekaka will be \$20 each night. The increases are needed to maintain the campgrounds. The park will continue to honor the Federal “America the Beautiful” passes with discounted fees. There will be no fee increase for boat launches or day use. For more information, please call the Park Office at (707) 467-4200. Reservations can be made online at www.recreation.gov or 877-444-6777.

About the San Francisco District: Established in 1866, the U.S. Army Corps of Engineers San Francisco District employs approximately 350 people, who are responsible for 40,000 square miles extending 600 miles from the Oregon border to San Luis Obispo County. The district’s programs and projects support approximately 1,000 permanent, higher-wage jobs that contribute to more than \$100 million to the regional economy.

The district helps build the nation’s long-term economic strength in an environmentally-sustainable way through water-supply management and flood-damage reduction, shore and coastal protection, ecosystems restoration, and wildlife protection. The district works in partnership with local, state and federal agencies. District staff respond with emergency operations for natural disasters, regulate development that affects waterways and wetlands, and keeps navigation channels, harbors and ports open for the more than 100 million tons of cargo shipped to area deep-water ports.
