

**OYSTER POINT MARINA**  
**CONTINUING AUTHORITY, SECTION 107**

PROJECT LOCATION AND DESCRIPTION: The City of South San Francisco (City) owns Oyster Point Marina/Park, a 600-berth recreational marina located approximately ten miles south of San Francisco and approximately two miles north of San Francisco International Airport. The 46-acre facility includes picnic areas, jogging trails, a recreational fishing pier, bait shop, small boat marine service and sales center, existing and proposed hotels, restaurants and offices. Since 1977, the San Mateo County Harbor District has operated Oyster Point Marina/Park under a Joint Powers Agreement with the City. A concrete breakwater protects the marina; however, there is a need to provide more protection to the harbor entrance. Southeast storms, producing standing swells as high as 6-feet, pose a navigational hazard to small vessels and preclude proposed water transit vessels from safely accessing the marina.
