

**MOSS LANDING HARBOR  
OPERATIONS AND MAINTENANCE**

PROJECT LOCATION AND DESCRIPTION: This project is located about 95 miles south of San Francisco, in Monterey Bay. Project operations and maintenance provides for 3-year maintenance dredging of an entrance channel 200 feet wide and a lagoon channel 100 feet wide, at -15 feet at Mean Lower Low Water (MLLW). The total length of the combined channels is about 3,200 feet, with widening at the junction of the entrance and lagoon channels, and at the very end of the inner lagoon channel. Two jetties are also periodically inspected and maintained.

TOTAL FUNDING:

TOTAL COST:	\$	N/A
FEDERAL COST:	\$	N/A
NON-FEDERAL COST:	\$	N/A

TOTAL FEDERAL COST THROUGH FY04:	\$	552,000
FISCAL YEAR 05 BUDGET:	\$	0
COST TO COMPLETE:	\$	N/A

FY 04 AND 05 ACCOMPLISHMENTS: Funds will be used to complete the ecological risk assessment and Dredged Material Management Plan (DMMP), and to implement plan prior to the next scheduled periodic maintenance dredging.

ISSUES AND OTHER INFORMATION: Maintenance dredging was conducted in November 2002. An environmental risk analysis study for continued aquatic disposal at SF-12 is underway. As part of this study, a special tracing agent was mixed with the dredged material to better determine how and where the material migrates over the long-term.

CONGRESSIONAL INTEREST: 17<sup>th</sup> District, Rep. Sam Farr
