

**SOUTH SAN FRANCISCO BAY SHORELINE STUDY
GENERAL INVESTIGATIONS**

PROJECT LOCATION AND DESCRIPTION: The study area is located on the shoreline of South San Francisco Bay, extending from the City of Palo Alto to the City of San Leandro. This study will re-examine tidal and fluvial flooding problems and ecosystem restoration opportunities, and offer potential alternative solutions.

TOTAL FUNDING:

TOTAL COST:	\$ 15,966,000
FEDERAL COST:	\$ 8,251,000
NON-FEDERAL COST:	\$ 7,815,000
TOTAL FEDERAL COST THROUGH FY 2007:	\$ 2,346,000
FY 2008 BUDGET:	\$ 0
COST TO COMPLETE:	\$ 5,805,000

FY 07 ACCOMPLISHMENTS: Continue feasibility and initiate the \$2M Hydraulic & Hydrology (H&H) analysis led by ERDC. The without project H&H report is scheduled for completion in September 2007.

FY 08 ACCOMPLISHMENTS: If funded occurs, funds would be used to continue feasibility and complete the without project conditions analysis. The Feasibility Scoping Meeting is scheduled to be held in April 2008.

ISSUES AND OTHER INFORMATION: A Congressional Add was received in FY05 to complete the Reconnaissance phase and initiate feasibility. Due to the high cost of a feasibility study for the entire project area, it was necessary to break up the study area into 4 geographical subunits, each with its own Interim Feasibility study. A Federal Cost Share Agreement for the first interim study report for the Santa Clara County and Alviso Ponds was signed on September 26, 2005 and feasibility was initiated. The without Project conditions analysis (Feasibility Scoping Meeting) is scheduled to be held in April 2008, funds permitting.

CONGRESSIONAL INTEREST: 11th District, Rep. Jerry McNearney; 14th District, Rep. Anna Eshoo; 15th District, Rep. Mike Honda; 16th District, Rep. Zoe Lofgren

POINT OF CONTACT: Deputy District Engineer for Civil Works, Arijis Rakstins 415-503-6720
