

National Public Lands Day PSA

Start September 3rd - End September 27th

30 Seconds

Your public lands are in need of your helping hands. Join thousands of other Americans across the country along with the U.S. Army Corps of Engineers and the National Environmental Education & Training Foundation as they celebrate National Public Lands Day on Saturday, September 28th. Volunteers are needed at Lake Sonoma to repair trails and clean the shoreline. Your investment of time and work on America's Public Lands will yield high returns for your country and our local natural resources. For your hard work you will receive a commemorative poster, a certificate of participation, and the pride of knowing that you contributed time and labor to complete a project that Lake Sonoma could not otherwise have accomplished. To volunteer call (707) 433-9483.

10 Seconds
