US Army Corps  
of Engineers®

U.S. ARMY

# NAVIGATION BUSINESS LINE

## → MISSION

- To provide safe, reliable, efficient, and environmentally sustainable waterborne transportation systems (channels, harbors, and waterways) for movement of commerce, national security needs, and recreation.

## → Program Objectives

- Maintain inland waterways and coastal channels, with emphasis on those with a high or moderate level of commercial use; and
- Support investment that would provide a high return to the Nation.

## → SPN Navigation Program

- Averages 10 to 14 projects and \$75 to \$100 million per fiscal year. For Fiscal Year 2025, the San Francisco District dredged over 4.2M cubic yards at a total cost of approximately \$103.8M.
- Includes all costs associated with delivering a dredging project such as planning and design, environmental coordination, and the actual dredging contracts.
- The Navigation program also includes inspection and repair of Corps-owned jetties and breakwaters AND the San Francisco Harbor and Bay Debris Collection mission.

# SAN FRANCISCO DISTRICT NAVIGATION PROJECTS

U.S. ARMY

- 21 Projects with Federal Navigation Channels
- 6 Projects with Navigation Structures only (Breakwaters/Jetties)

U.S. ARMY
