

Sonoma-Marín Eco-Friendly Garden Tour

Sat May 4 10am–4pm

Stop by and enjoy the beauty of the new native plant pollinator garden in front of the Bay Model.

The garden, featuring plants native to Marin, was designed and installed by volunteers from the California Native Plant Society's Marin chapter. Garden volunteers will be on hand all day, assisted by staff from local bee, butterfly, and birding groups, ready to inspire and explain how to create a pollinator-friendly spot in your own garden. Register at www.savingwaterpartnership.org.
