To ensure this project does not disproportionately impact communities with environmental justice concerns in the SF Bay region, environmental justice community representatives were invited to participate in a virtual public meeting prior to the public review period for this Draft EA/EIR to receive information and for USACE and the San Francisco Bay Regional Water Quality Control Board (Regional Water Board) to address any specific concerns or questions. The list of invitees and identification of the Bay area region they represent is provided in Table G-1. The meeting was held October 15, 2024, at 4:00 p.m. Thirteen entities registered for the meeting, with four attending (San Francisco Baykeeper, Acterra, San Francisco Bay Conservation and Development, and Contra Costa Resource Conservation District).
